EVERY DAY IN THE YEAR

FREE RAILROAD FARES

By Trading With Members of the Topeka Rebate Association Under Following Rules

Any non-resident who buys goods from a member of the Topeka Rebate Association is, on request, presented with a rebate book good with all members. This rebate book entitles you to a refund of your railroad fare, subject to the rules of the Association. This rebate book when you are through making your purchases will be eashed for your fare at The Capital National Bank, Northwest corner Seventh and Kansas avenue, from 9 a. m.

TO OUT-OF-TOWN SHOPPERS

When you leave your station for Topeka, buy a round-trip ticket, or, if you pay cash on the train, keep the Printed Receipt which the conductor gives you. This, or other satisfactory proof must be shown the bank, as evidence of the point from which you traveled, when you collect your rebate.

When your trading is finished in the first store you visit, tell the salesman to enter the purchase in a Rebate Book. He will have The Total Amount entered, with the date, and the firm's signature, and give the Rebate Book to you. At all other stores where you trade simply hand your Rebate Book to the salesman when you complete your purchase. Each merchant will make an entry in your Rebate Book showing the Total Amount of your purchase in his store. When your trading is finally completed, take your Rebate Book to The Capital National Bank and present it precisely as you would a check, Merely show your return ticket, or cash fare receipt as the case may be. ceipt as the case may be.

No Identification, No Red Tape, No Explanation Is Necessary.

The fare refunded is based on the Total Sum of All entries in your Rebate Book. The amount at any particular store is of no consequence. Trade with any member, or members you wish to, and to any amount. In refunding fares the entire sum shall not exceed 5 per cent of your Total trade, and in no event will any sum in excess of your Actual Outlay of Transportation be allowed. In a few cases where your full round-trip fare can not be refunded, because of the insufficiency of your trade, 5 per cent of the total amount entered on your Rebate Book will be paid toward your fare.

The great advantage to yourself of trading in Topeka is well known to all persons familiar with local business conditions. While, of course, the merchants provide for free rides with the idea of inducing you to trade with them, that they may profit by your patronage, they understand just as well as you do that you are chiefly interested in yourself, and that to secure your trade they must treat you in such a way that you will come again—that you cannot afford to trade elsewhere, considering your own interests. The purpose of the Rebate Association is to Secure All of Your Trade, All of the Time. You know without being told that you can get better goods in Topeka than in the country towns, and likewise you know that in Topeka you can get What You Want, no matter how unusual fastidious or even peculiar your tastes may be. In Topeka vast quantities of goods are sold regularly at less than the small dealer can buy them from wholesale houses. This is possible, of course, only in merchandising on a large scale—by retailers who buy in just as large, or larger lots from the same manufacturers who supply the wholesalers. That your fare will be refunded makes no difference in price. It is regarded as one of the expenses of business just like rent, insurance, lighting, clerk hire, etc. In fact the merchant does not know your fare is to be refunded Until After You Have Made Your Purchase. Any person anywhere who pretends you will pay a higher price is deceiving you—either intentionally, or through lignorance of the facts—usually to advance his personal interests at your expense. The great advantage to yourself of trading in Topeka is well known to

ANSWERS WERE WRONG.

Trouble Over New Arithmetics Fixed Up by Publishers,

vanced arithmetics.

This is the sequel to rather a stormy time which the Scott-Forsman company has been having with its arithmetics. When the book was adopted by the state commission, it had no answers. It was the agreement of the company that answers should be fur-nished for the book. This was done, but when the Kansas school teachers got hold of the book, they very soon discovered that many of the answers. were wrong. There was immediately a big protest, and a vast amount of correspondence. Each teacher who found a mistake in the answers wrote to the state superintendent about it. Scott-Forsman were at once notified, and they immediately had a new book of answers compiled and this is the book which is now being distributed as rapidly as possible.

Dick Brothers Pay Balance, The Dick Brothers' brewery today paid into the supreme court the balance due on its \$1,593.65 which it cost it to break away from the custody of the receivers appointed by the court. The balance was only \$73.25, and this, was part for depositions and part as expenses for the receivers.

New York, Nov. 1.—The total engagements from abroad since the present ovement began was increased to \$25,-

LONG DISTANCE TOLLS UP.

The Night and Day Bell Rates Are Uniform Now.

Kansas City, Nov. 1.-The Missouri & Copies of a new answer book for the Myers-Brooks arithmetic which was adopted by the state text book commission at the last letting, are being distributed from Chicago to all of the public schools of Kansas, and will be handed out by the teachers to the pupils, to be "tipped in" to the advanced arithmetics.

Kansas City, Nov. 1.—The Missouri & Kansas Telephone company has given notice that beginning today the rates for long distance calls in Missouri and Kansas are to be uniform day and night. Heretofore, the night rates have been 50 per cent less than the day tolis. For instance, the night rate between Kansas City and Joplin has been 35 cents for the first three minutes' conversation and ten cents for each addiversation and ten cents for each additional minute. The day rate is 70 cents for the first three minutes and 20 cents for additional minutes. The higher rate

is now to apply both day and night.

Receiver Appointed on Petition

Stockholders. Kansas City. Mo., Nov. 1 .- Upon pe-

tition of Edward Corrigan, Chicago, and George Witt, Memphis, principal stockholders, the federal court here today appointed James F. Halpin, Kansas City, receiver for the Kansas City Jockey Club and Fair association. The court ordered the sale of the track, valued at \$400.000, and considered one of the finest in the country, and a di-vision of the proceeds among the stockholders. Practically no racing has been held at the track since the enactment of the Missouri antipoor

KILLED HIS KEEPER.

Failing to Escape Convict Then Shot Himself.

Laramle, Wyo., Nov. 1.—A special to the Republic from Rawlins says a life sentence, today shot and killed Ed Samuelson, day cell house keeper, at the Wyoming state penitentiary, in an attempt to escape. Eckard had a pistol and a stick of dynamite and when Samuelson opened his cell this morning the prisoner shot him dead.

San Francisco, Cal., Nov. 1.—There was no visible change in financial when Samuelson opened his cell this morning the prisoner shot him dead. Eckard then tried to dynamite the outside, and falling in this, blew off the top of his own head with his pistol.

San Francisco, Cal., Nov. 1.—There was no visible change in financial conditions today. All banks except the California Safe Deposit and Trust company, which closed its doors on pistol.

Government Officials Think They Have Dug Up a Plot.

Chicago, Nov. 1.-Government officials believe that in the arrest of Miss Etta McLean, the stenographer, and Alexander B. Gordee, a printer, they uncovered a conspiracy to steal the government's information in the case of John R. Walsh, the former president of the Chicago National bank, under indict-ment for alleged misappropriation of the funds of the bank. Both prisoners
